the safest remunerative investment you can make. 9:30 to 5 each week day after Monday next and 6 to 8 Saturday evenings.

CENTRALIZING BUSINESS.

NEW BUILDING.

THE WASHINGTON LOAN

AND TRUST COMPANY.

Thinking men thoroughly engaged in the activiti of life desire to transact the most business with the least effort. Large office buildings, fitted up with the telegraph, telephone, electric light and every modern convenience and gathering under the same roof sev-eral hundred people do much to bring about this resuit. Proximity to business seems to increase business; men meet others who desire their services and co-operation: companies and syndicates are formed purchases and sales made, time and distance are saved Then, too, a great office building, populated by ener getic, brainy men, is a wonderful advantage in reaching parties residing out of the city. Every time one man advertises he advertises the building. The Wash-ington Loan and Trust offers such a building to the right class of tenants and the rents are very moderate when the conveniences and advantages are considere on deposits. You can leave your money here and theck for it at any time. Remember, however, we can lend to you only on security.

WASHINGTON LOAN AND TRUST COMPANY.

FIDELITY BUILDING AND LOAN ASSOCIATION.

SUBSCRIBED STOCK, \$903,000. Eas the best plan devised for securing a Home. EIGHTH ISSUE OF STOCK.

NO BACK DUES REQUIRED. Any amount loaned, repayable \$13 per month on each \$1,000 advanced. Shares, \$1 per month. You can deposit any amount from Soc up with the privilege of withdrawing at any time and receive a guaranteed 6 per cent certificate with each deposit.

the rate and penalties now fixed by law, are hereby
notified that the time will expire JUNE THIRTIETH,
1891.—E. G. DAVIS, Collector of Taxes, D. C. Jel2-168

THE ADVANTAGES OF THE DALY Gold-lined Rubber Dental Plates over all plates ever invented are manifold. It combines the good qualities of rubber and gold at reasonable prices. It destroys the odor so perceptible on the breath of people wearing rubber, due to the saturated condition of the rubber with decomposing materials. Dr. Kulp, before the American Dental Association, said the health of three-fourths of the people were affected by them; gold-lined plates cure and prevent disease; don't wait until you are affected; any plate can be lined with gold; all Washington dentists are making these plates; endorsed by the dental and medical profession; refer you to such eminent physicians for their opinion as Drs. Magruder, Lincoln, Tarrow, Sowers, Bagan, Winter, Calwell. Send for pamphlet of testimonials, society proceedings, &c., to JOHN A. DALY, M. D., D. D. GOVERNMENT RECEIPTS TODAY.—Internal rev enue, \$466,437; customs, \$891.056.

ASSISTANT SECRETARY NETTLETON Went t Baltimore today on immigration business. SECRETARY FOSTER is expected to reach

Washington this afternoon. LIEUT. EDWARD DAVIS, third artillery, now at Fort Monroe with the battery for target practice, has been appointed post adjutant to succeed Capt. Caziarc, who goes to Newport. A SOLDIER'S REWARD.—The President has

awarded a certificate of merit to Madison Ingomar, sergeant of company D, ninth cavalry, for gallantry in action. A CHANGE OF SCHEDULE .- The second assistant postmaster general, Mr. Bell, has directed a change to be made in the schedule so that

mails from this city will be delivered at Colonial Beach the same day.

INVESTIGATING A BANK EXAMINER.—The question as to whether Bank Examiner Drew of Philadelphia used ordinary prudence and diligence in the matter of the Keystone Nations Bank of Philadelphia is now being investigat

WILL SUE THEIR ACCUSERS. - With reference to the charges of bribery in connection with the famous Sturmi claim recently made against certain Mexican officials by James Henderson of Indianapolis Senor Romero, the Mexican minister, said yesterday that he had received a cablegram from President Diaz conveying the information that the interested parties have decided, as the most expeditious way of vindicating their honor, to sue their accusers for

To Be Prosecuted.-Acting on information that Wm. McDowell, a native of Scotland, came to this country under contract with James Mc-Readie, proprietor of Fountain creamery, Earlville, Ill., in violation of the alien contract labor law, Assistant Secretary Nettleton has in-structed the superintendent of immigration at New York to detain him as a witness against McReadie for violation of that law and to con-fer with the United States attorney at New York in regard to the case.

Mr. N. T. N. Robinson of New Orleans, who is well known in Washington, has been appointed marshal of the new court of appeals pointed marshal of the new court of appeals for the fifth circuit. Mr. Robinson was formerly law clerk in the Department of Justice, but for the past two years he has been practicing his profession in this city. Mr. Robinson did not know that he was being considered for the position until he was notified of his appointment. He has gone to New Orleans to consider and will see remove with his facility. qualify and will soon remove with his family to that city.

To REGULATE NAVAL PROMOTIONS .- Secretary Tracy has appointed a board to meet at from the weather bureau and the transfer of the Navy Department on Saturday, June 28, to the latter to the Agricultural Department July examine into and report upon the present stag-nation of officers in the line of the navy, and nation of officers in the line of the navy, and to recommend such measures as it may deem desirable to regulate promotion therein with a view to the increased efficiency of the navy. The board is composed of Capt. R. L. Phythian, superintendent of the Naval Academy; Capt. A. T. Mahan. Commander F. E. Chadwick, Commander C. H. Davis, chief intelligence officer; Lieutenant Commander Richardson Clover, hydrographer; Lieut. G. W. Mentz and Lieut. Wm. H. Scheutze.

NAVAL ORDERS .- Naval Cadet Arthur Bainbridge Hoff ordered to the Lancaster on the

HIS RESIGNATION DEMANDED. The Request Made of Dr. Townshend by

HE WILL BE GIVEN LEAVE OF ABSENCE UNTIL | The Northwestern Part of the State JULY 31 AND ON AUGUST 1 DR. ROBERT REY-BURN WILL BE APPOINTED HEALTH OFFICER

OF THE DISTRICT. As predicted in THE STAR several days ago, Health Officer Townshend has been asked to send in his resignation, to take effect August 1, with leave of absence from the 30th instant. It has just been developed that on the 19th instant, the date of the secret board session, Secretary Tindall was directed to and did

write the following letter to Dr. Townshend: "The Commissioners direct me to request that you will send them tomorrow your resignation | GREAT DAMAGEBY THE STORM of the office of health officer of the District of Columbia, to take effect the 30th instant." It will be recalled that in THE STAR'S ac Narrative of a Witness of the Destruction s

ount of a subsequent meeting of the board it was agreed that Dr. Townshend would be given a month in which to give up his office.

The truth of this statement was verified by the following letter sent to him today by the secretary of the board of Commissioners:

"The Commissioners direct to be to recover.

stant until that date."

So THE STAR'S account of the meeting and the subsequent meetings of the board in relation to this matter have been carried out to the letter, except that there has been a change as to Dr. Townshend's successor. It was originally decided to appoint Dr. Hammett to the position, but the Commissioners finally abandoned him and discussed Dr. Lamb. There was some objection to him, and for a time the Commissioners did not know whom to select.

This afternoon Commissioners Decades sent

This afternoon Commissioner Douglass sent for Dr. Robert Reyburn, and after tendering him the position introduced him to Commissioner Robert, and for some time the trio discussed the duties of the office of health officer. At the conclusion of the interview the Con missioners mutually agreed to appoint Dr. Robert Reyburn health officer of the District of columbia upon the receipt of Dr. Townshend's

NO LONGER SPECIAL AGENT.

David S. Thompson in Charge at Philadelphia Mr. Frank R. Williams, the special agent in charge of manufacturers' statistics in the census office, went over to Philadelphia last evening and this morning he took charge of the office of the census agent for Philadelphia. David S. Thompson. The latter had refused to give up the census schedules on certain special inquiries, such as wool, iron, steel, carpets. worsteds, &c., and send them to the office in manufacturing statistics of Philadelphia. At sry of the state and extending southward. any rate Mr. Porter thinks that Thompson has been pottering along with his

THE FORTIFICATION BOARD. Its Recommendations Approved by Acting Secretary Grant.

They include an allotment of \$2,818 for the completion of the Woodbridge wire-wrapped gun. The construction of this gun was comvelocity of projectile and lightness of this type of gun secured by the Russian ordnance officers has again attracted attention and led to a renewal of the experiments made some years ago in this country with Dr. Woodbridge's gun. The board also made a small allotment to defray The board also made a small allotment to defray the expense of a survey in connection with the selection of sites for mortar batteries for the defense of San Francisco. The most important recommendation which was approved, however, is that the chief of ordnance be authorized to construct some of the new 12-inch rifles of forty calibers length. The extreme length of these heavy guns, so far designed in the United States, has been about thirty-six feet, but some of the European gunmakers have constructed guns of this caliber fifty feet long. It is believed that the result so attained will justify the extension of our 12-inch guns to a length of forty feet, and the board's recommendation that the feet, and the board's recommendation that the experiment be tried has secured the assent of

HARD RAINS IN IOWA.

TWO CENTS.

SEVENTY-FIVE HOUSES DESTROYED

Greatly Suffers.

Cherokee Shut Off From the Outside World.

WIND AND RAIN IN IOWA.

Cherokee. ALTA, Iowa, June 25.-Mr. C. K. Dixon, superintendent of the Illinois Central railway, "The Commissioners direct me to request who possesses the best facilities for obtaining you to tender to them before the expiration of the present month your resignation of the office of health officer, to take effect July 31, 1891, with leave of absence from the 30th instant until that date."

who possesses the best facilities for obtaining the expiration of the exact facts regarding the reported destruction of property and loss of life in northwest-ern Iowa, said late last night: "A serious rainstorm set in at Cherokee and points north, storm set in at Cherokee and points north, south and west about 7 o'clock in the evening of 23d and continued all night, the rain coming down in sheets. At 3 a.m. the fire alarm was down in sheets. At 3 a.m. the fire alarm was sounded, calling every one out, and parties formed to rescue those living on the flats near the Little Sioux river. At 8 a.m. I had not heard of any loss of life. At 8:30 I crossed our bridge to the east side of the river and shortly afterward the bridge went out, carrying all wires. It again commenced raining very hard, and during the day at least screnty-five houses in Cheroken was the second of the in Cherokee went down the river. I am yet unable to learn anything from the town, as all the bridges are gone, and it is impossible to cross in a boat. The road is repaired to the east bank of the Little Sioux river pposite Cherokee. On account of the failure f wires I am unable to learn the extent of the damage that the company has suffered. There is some amount of damage to bridges, but we

lope to get repairs made very soon. THE DELUGE COVERS COUNTIES. CHICAGO, June 25 .- Advices received at the headquarters of the Chicago and Northwestern railroad in this city this morning indicate that the destruction by the cloud burst in north-western Iowa yesterday is more widespread than the news dispatches thus far received suggest. From the damage to its lines actually reported to the road it appears that the deluge covers at least portions of the counties of Sioux, O'Brien, Clay, Plymouth, Cherokee, Buena Vista, Woodbury, Ida, Sac Monona, Crawford, Carroll, Harrison and Shelby, covering a territory three counties in width along the western border of the state this city, where the compilation is made. Mr. Porter thinks that he wanted to swell the one tier of counties from the northern bounds.

DIFFICULT TO GET NEWS. The telegraph lines in this territory are A Bust of Mr. Chittenden.—Acting Secretary Spaulding has authorized the free entry of a marble bust (with pedestal) of Hon. Simeon B. Chittenden, imported for presentation to the Long Island Historical Society, provided it is found to be a work of art.

Son has been pottering along with his work. "Whenever," Mr. Porter added, "I greatly demoralized, and it is next to impossible to get accurate or detailed information touching the general losses and casualties. This territory is dotted with villages and covered with the census office and the returns will be made and everything will go along smoothly." touching the general losses and casualties. This territory is dotted with villages and covered with cultivated farms, and the worst is feared in the way of damage and possible loss of life along the water courses which traverse this great section of the state. Several of the general officers of the Northwestern railroad left for the scene last night salars which the second left for the scene last night salars which the scene last night salars w

by officers of the Treasury Department, and his longer continuance in office will depend on the result of the investigation.

Acting Secretary Grant has just approved the recommendations made by the fortification board at its recent meeting in New York. of the road, northern Iowa division, is demoral-ized from Linn Grove to Alton, a distance of forty miles; that the Moville branch from Moville to Schaller, a distance of 45 miles, menced two years ago, but work upon it was stopped because of lack of funds. Some remarkable results in the points of endurance, velocity of projectile and lightness of this type blockaded by the carrying away of bridges and the washing out of the road beds. All traffic this side and beyond the points named is being carried by round about lines.

MANY BRIDGES CARRIED AWAY. On the main line from Linn Grove to Alton the bridge over Waterman creek, with its trestle 280 feet long, has been carried away and ten other bringes, five on each side of Water-man creek, have been rendered useless by undermining or partially carried away. One bridge, 130 feet long, near Paulina, is gone, to-gether with two smaller ones. The track is washed away in many places. At Water-man creek the track and ties have been carried a quarter of a mile from the road bed.

It has been impossible to learn much in regard to the condition of affairs on the Moville branch between Moville and Schaller. The wires are down and the waters are still so high that it is impossible as yet to make a personal inspection of the line. The officials here, however, fear

the worst.

The same conditions obtain on the line be-The same conditions obtain on the line between Ida Grove and Onawa. No reports have come in from that section, which indicates that great damage has probably been done.

It is reported from Galva that the bridge over Maple river has been badly washed out.

At the present time it is impossible to estimate the damage to railroad property in that territory, but enough is known to show that it will be very heavy. The section of country will be very heavy. The section of country where the flood was most severe is traversed by numerous branches, not only of the Chicago and Northwestern, but also of the Illinois Cen-tral, the Milwaukee and St. Paul and the main ine of the Chicago, St. Paul, Minneapolis and

are gone from Sheldon to Lemars.

WATERS UNPRECEDENTEDLY STOR. Storx City, Iowa, June 25. - The Journal is receiving reports from all quarters of unprecedentedly high water in the streams, injury to railroad property, loss of bridges and destruc-tion of crops along the rivers. The Floyd river is out of its banks and people have been com-pelled to make hasty departures to higher ground. The waters are receding this morning and the worst is now over.

Chicago, St. Paul, Minneapolis and Omaha telegraphs that all of the bridges on his line

lood at Cherokee were received this morning: The wagon bridge over the Sioux south of the town went out about 10 o'clock Tuesday night. This was followed by all the houses on the flat in that part of the town, num-bering over 100. The number of people driven from their homes was between 1,200 and 1,500. The river continued to rise until 3 o'clock, at that time being ten feet higher than was ever known. Every bridge across the Sioux river, both wagon and railroad, are gone between here and Onswa, and probably every bridge in Cherekee county on the Sioux river. Last night most of the dis-tressed people found shelter in the G. A. R. and Odd Feliows' headquarters, and arrangements were made whereby they might be cared for until some action is taken. This morning the town presents a very sorrow-ful appearance. Those houses that remain on the flat are almost buried in mud. People have already begun to clear up the rubbish. The destruction of property alone in Cherokee is about \$200,000, besides almost all of the stock pastured along the Sioux were carried away by the flood, only a few animals being saved as they came down the river. Yesterday morning all passenger trains were stopped at Storm Lake. The weather is clearing.

CLOUD BURST IN NORTH CAROLINA. KNOXVILLE, TENN., June 25 .- A report comes from Cherokee county, N. C., of a terrible cloud burst there late yesterday afternoon. Two illicit distillers named Harvey Agnew and Jacob Newton, who happened to be near by, were instantly killed. A number of farms for

ministration to Aid the Plate Printers.

COLUMBUS, OHIO, June 25 .- The presence of speculation as to its political significance, though so far the matters under consideration of the plate printers at Washington to win the light of the plate printers at Washington. Powderly is opposed to such action. But several of the other members of the executive committee are known to favor it.
